

Case Studies

Westfield Shopping Centre, Stratford City

Bike Dock Solutions carried out a free site survey at the recently built Westfield Shopping Centre in Stratford City, London's new landmark, providing them with a high volume of our Two Tier Racks needed for maximum storage using minimum space without making the site appearance untidy and cramped. We proficiently installed the steel racks with a galvanised finish, ready for the use of their employees. [April, 2010]

'The racks are of a high quality and Bike Dock Solutions price and lead time was the best around.'

Jon Jenkins, Director
Key Safety Ltd (Contractor for Westfield PLC)

Barclays, Canary Wharf

Bike Dock Solutions were called to carry out a free site visit and survey by Barclays to determine the optimum use of space to increase cycle parking for their employees. Our installation team installed for the installation of 164 Two Tier Racks in a galvanised steel finish fully meeting their requirements. [Nov, 2010]

'Great to see there are still some great British manufacturers around'

Mick Steel, Director
Elm Site Services Ltd (Contractor for Barclays PLC)

JP Morgan, London

JP Morgan was in need of further cycle parking for their employees and clients and so considered the best option to get in touch with Bike Dock Solutions. Our in house surveyor, Justin Manning carried out a free site visit. Then our installation team securely installed 32 bicycle (2 x 16) Two Tier Racks, with a galvanised steel finish; providing a neat and organised look to their car park. [May, 2011]

‘Bike Dock Solutions were a delight to deal with; they did all the thinking for me-including a free site survey and detailed CAD drawings.’

James O'Farrell, Vice President
JP Morgan PLC

Peldon Rose Consultants, London

Peldon Rose Consultants required a bicycle parking facility for the use of employees in their new office complex. Bike Dock Solutions successfully met their requirements and installed 94 of our popular Two Tier Racks, with a galvanised steel finish; along with a free site survey and CAD drawings to provide the best possible service and use of limited space for that perfect addition to their site. [Jan, 2011]

‘We were very impressed by the lead time on the racks. Lead time from order was just under 4 weeks.’

Geoff Baker, Director
Peldon Rose Consultants Ltd
