Description

Our Bike Shelf is a fun and quirky way to store a bike. It is an excellent indoor bike storage solution, designed to be an ideal fix for small spaces like hallways or garages where space may be at a premium. It's a great organisational tool that is compatible with most bicycle frame sizes and bikes and can really be used as a little shelf as well as a cycle rack.

This simple and stylish bike rack is easily installed and wall-mounted to look like an elegant floating shelf with hidden mounting brackets.

We make the Bike Shelf by hand in our Shoreditch workshop. We use solid walnut of excellent quality. The size of this bicycle storage shelf is 400mm x 400mm x 160mm. However, we do manufacture to order. So, if you would like a bespoke version, please contact us to discuss your options.
