Description

The Brighton Twin bike locker is the perfect way of storing two bikes securely in a discreet manner. Designed as a space saving storage unit, our 2 bike store is ideal for areas where space is restricted but bike security is important. Unlike other bike stores the Twin Bike Locker is accessed from the end so the width of the unit is kept to a minimum - ideal for use down the side of a house or flat.

Installation

As standard this bike locker comes flat packed for home assembly, the additional charge for installation covers our operatives assembling and bolting the locker down on site and in position for you. Ready for immediate use.
