Description

The ReCycle bike stand is manufactured from steel that has had a previous life. All of our ReCycle bike stands come with labels indicating that they are made from recycled steel. The ReCycle stand has a life expectancy of at least fifteen years.

The Recycle Bike Stand is an innovative and eco-friendly solution for bike parking, manufactured from recycled steel. This stand is not only durable but also contributes to sustainable practices, making it ideal for eco-conscious urban areas. Its sturdy design ensures reliability and security for cyclists.

Options:

The ReCycled bike stand can be purchased in galvanised or polyester powder coated in black finishes. It can also be manufactured to be fixed underground or overground - with or without bolts.

Specification:

- Hot dipped galvanised or polyester powder coated black to BS EN ISO 1461:1999
